

Weekly Math Mania

Date Due: Monday March 6, 2017

Topic: Probability

YOU MUST: Rate yourself on a scale of 1 to 5 on your understanding of each standard below.

1 represents "I am clueless."

5 represents "I completely understand this concept."

Learning Targets

	I can find the probability of compound events.
	I can use multiplication to count the number of outcomes and find probabilities.

<p>Family Engagement</p> <p>Ask a family member if they have ever played a game that was unfair or "rigged." Then, together, come up with a game that would be considered unfair and write it down on a separate piece of paper and staple it to this sheet.</p>	<p>Words at Work</p> <p>Fair Game Unfair Game Sample Space Compound Events Fundamental Counting Principle</p>
<p>Independent Practice VOLUME 1</p> <p>Pages 737-738 problems 1-10 Pages 761-762 problems 1-11 Please tear these pages out and staple it to the packet.</p>	<p>Math in the Real World</p> <p>Complete the Problem Solving Investigation on pages 753-755. Answer all the questions and attach it to this packet.</p>
<p>Choose either the online activity or the textbook activity.</p>	
<p>Online Activity</p> <p>https://learnzillion.com/assignments/PJ5M8R4</p> <p>You must complete the Exit Ticket about Jack AND the three Additional Practice problems. Complete these on a separate piece of paper and staple it to this sheet.</p>	<p>Textbook Activity</p> <p>Complete the Mid-Chapter Check on page 756. Tear it out and staple it to this packet. (This page is on the back side of page 755, your Math in the Real World activity you have to do.)</p>
